DATE: May 12, 2000

SUBJECT:

Department Review of CALFED
Agency Administrative Draft
Documents for the PEIS/EIR

FROM: John Pacheco 
Office of State Water Project Planning

Attached for your review and comment is the 2nd Supplement to the 2nd Agency Administrative Draft – Changes to Impact Analysis Document and the various appendices that make up the CALFED Draft Programmatic EIS/EIR. This packet includes only Chapters 5.1, 5.2 and 5.4 of the PEIS/EIR.

Kathy Kelly asked that I coordinate DWR's responses. Please provide your comments to me by **as soon as possible**. I am in room 204-6 of the Resources Building or you can e-mail comments to [jpacheco@water.ca.gov]. Due to the short review time you can concurrently send comments to Campbell Ingram [cingram@water.ca.gov] with the qualifier that DWR management has not yet reviewed or approved your comments.

As discussed in Steven R. Ritchie's May 12, 2000 memo (attached) comments are due to CALFED (Campbell Ingram) on **May 19, 2000 before noon**.

If you have any questions please call me at 653-6426.
